MicroProse & Medalist Backup Order Form

MicroProse Software and Medalist International have a special backup disk offer that will double your fun while saving you money. When you order another MicroProse or Medalist title through this offer, at a \$5 discount, you'll receive a free backup disk for the game in this package. Here's how:

1. Choose a game from among the titles listed on the reverse side of this order form. Make sure it's compatible with your personal computer.

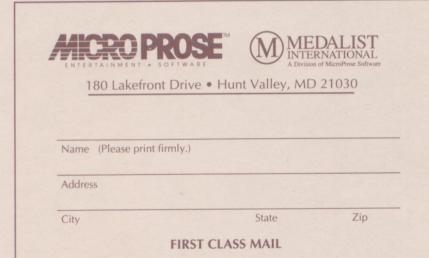

2. Subtract \$5 from the cost of that game.

- 3. Affix your proof of purchase sticker (enclosed in your game box or on your Technical Supplement.) on the designated area on the reverse side of this form.
- 4. Get your backup disk for this game for free!

This offer is good only with this order form.

(We regret that the continued piracy of MicroProse software in the U.S. and around the world requires us to copy-protect our products.)

Notice: To receive your backup disk, you must use this original order form. Photocopies are not acceptable. Prices subject to change without notice. Discount good for only one product per order form. Offer void without proof of purchase sticker.

Please complete this return label to ensure prompt delivery.
